

Thursday December 28
Day 3 – Alkmaar
By: Lici Mixson & Arie Walker
Northern Lights 16-2

Today we got up and ate breakfast, then we walked to the sports complex where we played our first day of the international tournament in Alkaamr. Both the 16-1's and 16-2's played very well. The 16-1's lost one set the entire day to Dinto and the 16-2's lost two sets.

For lunch we had sandwiches, fruit and juice, before we continued to play again in the afternoon. We got the chance to hang out and talk with some of the girls from the other teams and get to know each other better.

After the first day of the tournament we got together with all the girls from the other team and went to an escape room. We were grouped together with girls from all different teams. It was fun to get to know the other girls and work with them to solve the riddles and puzzles. Not all the groups escaped but we still had a lot of fun. After the escape room we all went back to the school where we waited for other groups and also got more time to bond with the girls from the other teams.
