

Northern Lights – Italy Tour  
Day 2, Tuesday 3-27  
USA – Rome

By: Megan LeMay & Katie McLean

Our morning started off early this morning at 6:15. After a good European breakfast we road on a double decker bus to the Vatican City. After bypassing the long lines we explored the museum, as well as took lots of pictures, then proceeded to bask in the glorious views of the Sistine Chapel.

After looking at the beautiful murals we went into the Basilica to get a view of the Alter and portraits. There was also a downstairs to the Basilica that held the previous Popes tombs. Once we visited that, we had free time to explore the rest of the Vatican City and get some yummy Gelato. When 12:30 came, we met as a big group again and took the train back to the hotel to get ready for volleyball. We played 2 matches per team and got to meet the Italian players after. We then headed back to a restaurant near the hotel to have 5 coarse meal. The End.
