

Tuesday January 2
Day 8 –Innsbruck
By: Izzy & Clara Keaveny
Northern Lights 16-1

Today we woke up and got ready for the day and we went down to breakfast and had very yummy food, breakfast consisted of croissants, fruit, yogurt, fun sorts of toppings, and sorts of protein meats.

After we went to breakfast we had a little bit of down time before we went on an adventure, our adventure was going to the Olympic rings and taking a picture with the 2 teams together! We then walked around the building and Curt told us some fun facts about the Olympics during that time.

We then walked back to the hotel and got ready to go play volleyball.
After we got ready to play, we all got ready to take about a 20 minute walk to the gym... this walk felt really long at first since we didn't know where we were going. But after we got to walking we realized it wasn't really that far.

Once we got to the gym we got settled in and had some good spaghetti and alphabet soup for lunch. After that we played our matches and both teams came out with 2 wins! Both teams had some reffing to do, which included up and down reffing and score.

After that was done we walked home and got ready for bed!

Izzy and Clara Keaveny!
