

Saturday December 28

Day 3

By: Elleora Utecht & Rylee Inman

Northern Lights 16-1

This morning we woke up at 9 and had breakfast with the team. For breakfast this morning we enjoyed pastries, bacon, and fruit.

At 11, we then made our way to the Omni sports center. Our first match was at 12 and we won the game, keeping us in the run for gold.

After our match, we ate lunch and enjoyed watching the boys teams play volleyball. Then, Curt treated us to Burger King and we had ice cream and fries.

Then, we went over to the other playing facility where they had green floors. We played our second match and won. When we went back to the other facility to eat dinner, Macy got one of the drums and was using it to cheer on one of the guys teams we met.

We then went back to the green floors facility to play our final match where we won both sets. That sent us to the gold bracket in the top 4.

After we played, we went to the party with all the other teams. The DJ spoke German but played American music. It was very packed and a lot of people were dancing and singing. We had a lot of fun being in a new environment.
